IRISES

SEASON OF 1939

A LIST OF NEW, RARE AND HIGH RATING VARIETIES

Good, strong rhizomes, unexcelled in quality, with a fine root system, will be sent, properly labeled and packed, insuring their starting into vigorous growth when planted. Shipments will be made from about July 1st to November 1st, as customers desire.

All varieties are true to name. Satisfactory adjustments will be made on any proving otherwise.

Prices quoted are prepaid on orders of \$2.00 and over. Under \$2.00, add 25 cents for postage.

DISCOUNTS—Except on collections and orders of three for the price of two, which are net, the following discounts are allowed: On orders of three or more varieties totalling \$10.00 to \$25.00 discount 10%; orders of \$25.00 to \$50.00 discount 15%; orders over \$50.00 discount 20%.

COLLECTIONS—You will find wholesale values in the collections listed on page 8.

OUR 1939 INTRODUCTIONS

NOONTIDE (Thole)

A deep, clear and brilliant yellow Depute Nomblot, having the same excellent substance, form and branching as its celebrated parent; vigorous grower and good increaser. Slightly fragrant, height 40 in.....\$10.00

SATSUMA (Thole)

A very large flower of fine substance and form with broad haft. Standards and falls of a pale brown pink, faintly shadowed cobalt violet, giving a warm tan, a Satsuma effect, in sunlight; yellow beard. The flower fades to a beautiful soft shade of pure chamois—slightly fragrant—an effective foil for the red purples—vigorous grower, well branched. Height 40 inches.....\$7.50

ROSE DORE (Thole)

Standards an opalescent ochraceous pink; falls dragon's blood with black purple overlay and distinct border of color in standards; beard, yellow ochre. A bright, effective color combination that carries well; fragrant, height 36 in.....\$3.00

HUNGARY (Thole)

A blend of colors similar to those of a red plum or Hungarian prune, giving a conspicuous, glowing red effect. The base of the standards blends into the orange beard. Large flowers of fine form, slightly fragrant. Good grower and increaser. Height 36 in. Owing to a large stock we are making a remarkably low price.....\$1.50

FORMER INTRODUCTIONS

CHIEF SEATTLE (Thole)

A strikingly clean and harmonious color combination with standards of luminous tan slightly flushed red. Falls of coppery rose; orange beard. Large, spreading flower of good form which might be described as a more brilliant and richly colored Rameses, also larger and taller. Fair branching. Height over 36 inches.....\$2.00

GEORGE DAVIDSON (Brehm)

A cool toned permanent yellow lake self of perfect Bruno form, substance and texture; a yellow which carries well without brassiness. Refined and beautiful; low branched; height, 40 inches. Exceptionally vigorous grower. Does not fade... \$.75

JOSEPH LE CONTE (Brehm)

Distinctive; indescribable without recourse to a technical palette; a fine flower of yellow carmine or zinc yellow (Winsor and Newton color chart), with a shadowing of violet gray. Height, 38 inches; vigorous grower. Does not fade.....\$.50

PURPLE LAKE (Thole)

The richest of the reds in our garden. Standards clear purple lake, rich velvety burnt carmine falls without apparent reticulations. More of a self than Red Dominion. Bright orange beard. Good form and branching. Height 40 inches.....\$4.00

ROSARIO (Thole)

A beautiful ochraceous yellow flower, flushed and overlaid old rose. Might be called tourmaline pink with gold suffusions extending from heart of flower into the falls. Deep yellow beard, particularly luminous in a gray atmosphere. Height 40 inches. Vigorous grower \$6.00

SEADEEP (Thole)

Attractive to all visitors and pronounced by Mr. Cooley as the best blue bicolor. Standards more intense and darker than Wedgewood. Falls rich royal blue. Tall, over 40 inches; of good form, exceptional branching and long blooming season. Slightly fragrant, good grower and retains color. Unexcelled where a mass of intense blue is desired..... \$4.00

THOMAS R. BACON (Brehm)

A refined, well-rounded ivory yellow, similar to William Carey Jones, except for a scarcely perceptible violet gray shading and flush from the tip of the beard. Large flowers in four tiers; vigorous grower; height 40 inches. Does not fade..... \$.50

WILLIAM CAREY JONES (Brehm)

An outstanding iris hybridizer and recognized critic writes, unsolicited: "We like your yellow seedling very much. With us it was an ivory yellow of excellent shape and substance, a very attractive flower." Beautiful in mass, and combines well with other colors; vigorous grower; large flowers; height, 40 inches. Does not fade (Won the bronze medal of The Michigan Horticultural Society in 1937)..... \$.65

WINTER MOON (Thole)

A large cream white of fine form with green blue shadows; haft flushed and reticulated green gold, orange chrome beard. Standards wide, domed and slightly frilled. Falls broad and flaring. A form similar to Depute Nomblot. Tall, 42-inch, well branched, floriferous and slightly fragrant. A beautifully poised blend, suggesting the tones of antique marble..... \$1.00

All Iris enthusiasts should join the American Iris Society, annual dues \$3.00, which includes four quarterly bulletins. Send subscriptions to The American Iris Society, 32d St & Elm Ave., Baltimore Md., making checks payable to the American Iris Society.
